THE BEST IN MARINE AUDIO. Wet Sounds™ is a marine audio manufacturer based out of Texas. The company was founded by a group of audio industry veterans who wanted to deliver a new level of performance and style to the marine industry. Combining our expertise in audio and our passion for boating, Wet Sounds™, Inc. was launched, creating a newer, higher level of standards as the premier "High Performance Marine Audio" manufacturer.

Innovation is the key to our success. Using new technologies, materials and a unique engineering style, we have developed award-winning products. We have been recognized by the Consumer Electronics Association, and have been honored for multiple awards for innovation and engineering. Since 1989, these prestigious awards have given consumer technology manufacturers and developers an opportunity to have their newest products judged by a preeminent panel of independent industrial designers, engineers and members of the trade press.
